ABOUT ASJP GROUPS

ASJP established in 1986, managed by the multi-generations of a family. Operations Initiated by hiring of scaffolding and centering products. Now expanded to accommodate manufacturing facility and caters over 100 + clients, 30 + employees and ASJP operates across India.

ASJP deals with Scaffolding & Centring materials and we offer manufacturing options, as well as the hiring of equipment. We promote our core products which include - Constructing Sheds, Light Roofs installation, Trading Zinc sheets. Now we focusing on scaffolding equipment. we also provide Casuarina tree in Tamil (Savukku maram) for use in construction range to meet the building requirements. On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue; and equal blame belongs to those who fail in their duty through weakness of will, which is the same as saying through shrinking from toil and pain.

TESTIMONIALS

We always prefer ASJP for scaffolding & centering material buying activity because of their own time delivery and helpful work force - Shreeram Builders

we won't hire workforce to install scaffolding and centering products, because ASJP Group has skillful workforce to ease our job - Maruthi builders
